Entry level professional seeking employment and growth within the Web Development industry. I have proper knowledge of front end development strategies from basic HTML sheets to AJAX API calls, as well as a strong understanding of backend data structures and queries. Seeking to expand my own personal knowledge of the industry.

## Education

September 2018

### University of Minnesota

- Learned full stack web development where I've become competent in several specialized programming skills. Have become proficient in front-end coding and back-end coding technologies including HTML5, CSS3, JavaScript, jQuery, Bootstrap, Express.js, React.js, Node.js, Database Theory, MongoDB, MySQL, Command Line, Java, Git, and more.

JULY 2015 - JULY 2016

### Universal Technical Institute, Avondale, AZ – *Student*

- Completed the one year program with nearly perfect attendance and 3.94 grade point average while in the Diesel Technician certification program.
- Certified Diesel & Industrial Technology Tech.

2015

### Minnetonka Sr. High School, Minnetonka, MN

- High school graduate

## Experience

January 2018 - July 2018

### Green Rooster Concentrates, Wheat ridge, CO – *Extract Technician*

- Performed hydrocarbon extractions using a closed loop system
- Created different concentrate consistencies.
- Performed PM on all extraction equipment.
- Maintained a clean lab and kept accurate and routine log books.

MAY 2017 - OCTOBER 2017

### Papa Johns, Plymouth, MN – *Shift Manager / Team Leader Extract Technician*

- Perform store opening and closing functions including assembly prep and register opening
- Ability to successfully perform the job duties of all positions in the restaurant

- Professionally and promptly, respond to all customer concerns or issues.
- Manage company's assets by ensuring the restaurant is clean, safe and organized; complies with safety and security standards at all times
- Assist in the management of adequate inventory levels using the company's systems and guidelines to minimize loss.
- Execute cash management duties with POS and Shift Reports.

SEPTEMBER 2016 - MARCH 2017

**Swift Transportation, Inver Grove Heights, MN - *Level II Technician***

- Performed basic and some major repair on semi tractor/trailer equipment, including Freightliner, International, Kenworth, Volvo, and Peterbilt.

JULY 2015 - JULY 2016 - Student (below)

2014 - 2015

**Target, Minnetonka, MN - *Stock Associate***

- Signed for shipments and pulled items for replenishment on the floor. Operated forklifts and work assist vehicles to move inventory.

Summer 2013

**TrackIf/MyAlerts, Minnetonka, MN - *Software Development Intern***

- Learned to program in PHP, Javascript and HTML to develop applications which extracted data from web sites and cleaned the data for alerting purposes. Learned to create & test my applications within a full stack development area.
